#### **Sharing Ideas workshop**

If you have a musical idea which you know works well  
in the classroom with children with additional needs  
please come along and share it.

Many staff find they are working on their own and have very little time to gather new ideas or discuss their thoughts about musical activities with other practitioners.

This workshop will give an opportunity to try out and discuss new ideas with like-minded people working in similar areas.

For more information please email via the contact page on the web site  
[www.yamsen.org.uk](http://www.yamsen.org.uk), or phone 07931717460

The workshop is free to attend.

Please email [diane.paterson2@btopenword.com](mailto:diane.paterson2@btopenword.com)  
to confirm attendance.

**Please let me know if you will be bringing an idea to the workshop and if you need any equipment or instruments**
